

# Painting with cars.

## **You will need:**

Some cars and some paint and a large piece of paper, we used old wallpaper.

This is a fun messy activity that is probably best completed in the garden. Pour enough paint in a plate or tray so that the wheels get sufficiently covered. Put in a little at a time so that there are no globs, just a thin layer to make tracks. Roll your vehicles in the paint and transfer it to the paper! Add another color of paint to the plate and keep going!
