

# Make a Roman Vase

In our museum we have lots of Roman artifacts,  
We even have pottery.

Most of the pottery has pictures done in relief which means they are raised but we will paint or colour our pot.

You will need a paper cup or use the template to make a cup shape. You can add handles too if you wish.

These are examples of repeat patterns you can draw on your vase.

1. Palmettes with Lotus Buds

2. Palmettes

3. Palmettes Lotus Chain
