

Make the Shark Catch the Fish

To make your shark you will need
A cardboard tube. Paint or crayons.
Glue. Cardboard. A bead. 30 cm of string.

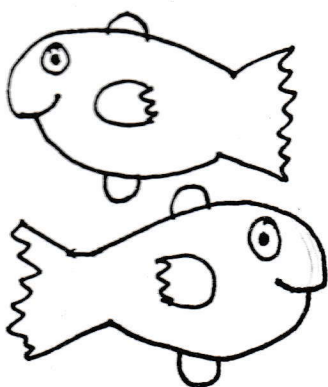

Squish one end of your tube and glue. This is your sharks tail.
Glue on the fins and teeth. Glue your fish bait to your bead and
tie it to the string. Glue the string inside the sharks mouth.

Don't get bitten!

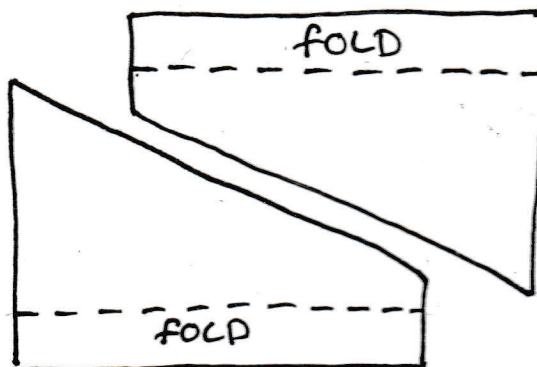

TEETH

Fish Bait

Pectoral Fins

Dorsal Fin
