Reductions to payments

If the application is being made on behalf of a non-profit making sports club, society, or other organisation for making a material change of use or works for playing fields not involving buildings then the fee is £462

If the application is being made on behalf of a parish or community council then the fee is 50% of the application fee (with the exception of submissions for discharge of conditions where the full fee is payable).

If the application is an alternative proposal being submitted on the same site by the same applicant on the same day, the fee shall be:

Where an application relates to development which is within more than one fee category, the correct fee is simply the highest of the fees payable (this does not apply if residential (dwellinghouses) are proposed).

Part B – Discretionary Charges

Newark and Sherwood’s Planning Development and Planning Policy departments produces a variety of documents, many of which can be obtained free of charge, however on occasion we may need to charge for our documents and discretionary services on a cost-recovery basis to enable them to continue to be provided.

Pre-Application Advice

Why Apply?

The pre-application phase of development management is part of a positive and proactive planning process. Engagement prior to a planning application being formally submitted can be critically important and should provide the applicant and the Council with the opportunity to gain a clear understanding of the objectives of and any constraints on development.

It also provides an opportunity for wider engagement, where appropriate, with other stakeholders, including the local community, which can deliver better outcomes for all parties.

We provide a comprehensive pre-application advice service. In order to provide a high quality and efficient service, which includes amongst other things consultation with key stakeholders, a service fee is required. Pre-application advice will:

- Identify and assess the prospective application against Council policies and standards;
- Where requested, arrange to attend a meeting with the prospective applicant (normally at the Council Offices);
- Where specialist advice is requested at a meeting, the necessary officers will attend subject to availability; and
- Provide a detailed written response in the context of the plans/information provided and meeting discussions which will include a list of supporting documents that would need to be submitted with any application to ensure that it is valid on receipt, a list of possible conditions that could be attached to any similar proposal if submitted (providing that the proposal would not be unacceptable), and details of any responses received from statutory and other consultees through the pre-application process.

Where follow up advice is sought, this must be made in writing and must include the original planning reference given by the Council and clear details of the additional advice being requested. Any such requests will be acknowledged in writing within 1 week. If you then wish to proceed, the fee must be paid in full prior to any advice being issued.

Qualification

Any views or opinions expressed are in good faith, without prejudice to the formal consideration of any planning application, which will be subject to formal public consultation (which will include the relevant Town or Parish Council) and ultimately decided by the Council.

It should be noted that subsequent alterations to legislation or local, regional, and national policies might affect the advice given.

Processing of Planning Applications Submitted After Advice Sought

The planning service will seek to process applications within the Ministry of Housing, Communities and Local Government (MHCLG) prescribed timescale. Applications submitted following pre-application advice may take less time to determine. Applications that have been submitted in the absence of any pre-application discussions are likely to be refused without further negotiation where significant amendments are required to make the development acceptable. Caution should be exercised in respect of pre-application advice for schemes that are not submitted within a short time of the Council’s advice letter.

The pre-application advice application form may be found on our [website](#).

If you have any queries regarding our pre-application advice service, please visit our website <https://www.newark-sherwooddc.gov.uk/pre-applicationadvice/> or contact us by email at planning@newrk-sherwooddc.gov.uk or telephone 01636 650000.

Unless otherwise stated, the fees for this service are fixed and will include the following **(charges are inclusive of VAT)**. Terms and conditions. Standard fees must be paid on submission of the request for advice.

Invalid Planning Application Charge

Applicants and Agents are encouraged to read the Validation guidance document which we have published on the Council's website <https://www.newark-sherwooddc.gov.uk/validationchecklists/> prior to submitting planning applications, as minor changes can happen between major revisions of the guidance. In order to reduce the costs associated with administering planning applications we encourage quality submissions. The service has implemented a charge to recover the costs of handling invalid planning applications, due to a high number of invalid applications being handled by the authority which are returned to customers. Following the first validation check, should an applicant or agent withdraw or fail to provide missing information within the relevant timescales as set out in the invalid letter, the service will mark the application as closed and return any fees, less the cost shown below (process cost-recovery):

- 10% of the fee, subject to a minimum of **£200** for Major Developments*
- 10% of the fee, subject to a minimum of **£50** for Minor Developments*
- 10% of the fee, subject to a minimum of **£25** for Other Developments (includes Householders and those applications which do not fall within the major, minor or other categories)*

*Applications submitted as a variation of condition will be subject to 10% of the fee

The major, minor and other categories of developments are those as set out within the Government's classification of development types (<https://www.gov.uk/government/publications/district-planning-matters-return-ps1-and-ps2>). What constitutes a major development is set out within the [Town and Country Planning \(Development Management Procedure\) \(England\) Order 2015. - Search \(bing.com\)](#).

Fees for monitoring of planning obligations

We carefully monitor all Legal Agreements in a transparent manner to ensure that contributions are spent on their intended purpose and that the associated development contributes to the sustainability of the area.

Where schemes have been closely monitored the community contributions expected from the development have been secured. Additionally, the transaction stages become easier when confirmation has been sought that compliance has been made with the obligations.

The fees for monitoring of planning obligations are:

It is the responsibility of the applicant to ensure that they comply with the CIL Regulations, including understanding how the CIL Regulations apply to a specific development proposal and submitting all relevant information. Part C – Land Charges

Types of searches

Form LLC1

Form LLC1 consists of a search of the local land charges register and reveals if there are any outstanding charges such as financial ones where money is owed to the council when work has been carried out on the property or land.

It will also tell you if, for example, the property is a listed building, in a conservation or smoke control zone, conditional planning applications as well as if any trees on the property are protected by tree preservation orders.

We joined the digital Local Land Charges service managed by HM Land Registry (HMLR) in October 2021 and that service now provides LLC1 search responses. You can access HMLR new digital service through your portal account, Business Gateway or on [GOV.UK](https://www.gov.uk).

Form CON29 and CON290

Form Con29 is a questionnaire and contains a series of standard questions covering information from various council departments. It contains Part 1 standard questions, known as Con29(R) revealing any road proposals or schemes, compulsory purchase orders, enforcement actions, building regulations or planning applications and formal/informal notices.

Con290 contains a series of further, optional questions and may be submitted as stand alone or with Con29. As with CON29, the questions cover various information from various council departments, including for example Houses in Multiple Occupation, Noise Abatement and Hazardous Substance Consents.

Most searches consist of both LLC1 and Con29, often referred to as a full search.

We aim to provide a response within 10 working days unless a large number of documents are requested or require extracting. In these cases, where the information is likely to take over one hour to provide, the Council will only provide the information by post. The information will be sent within 20 working days of a request. Post and packaging will be charged at cost. The requestor will be informed of a charge before an officer undertakes any of the above and payment must be received before the information can be provided to them.

We will also work with you to look at other ways of providing the information so that the request falls below the appropriate limit (and can therefore be provided free of charge) and where possible, in the case of publications, many are published on our website for you to download or available in a format to email. This approach means that we can be transparent and as consistent as possible in the way we handle requests for information and subsequent copying and how and when we charge

This document has aimed to provide clear and transparent cost for undertaking certain aspects of work that are received by the Planning Development and Planning Policy teams most frequently. However, there will be instances where requests are made for work on an ad-hoc basis or, for example, pre-application advice is needed on a bespoke basis. In such instances, the following fee structure will be used. If more than one officer is required to respond to the enquiry, the time for each officer will need to be paid.
