Guidance: in terms of original house, although you may not have built an extension to the house, a previous owner may have done so. You should also check that there are no restrictive conditions on any planning decision relating to the property, or if your property is within a Conservation Area or a Listed Building. Please contact a member of our Customer Services team to establish whether any of these constraints or restrictions apply - email planning@nsdc.info or telephone 01636 650000. If your house is a Listed Building, then Listed Building consent is likely to be required even if planning permission is not necessary.

If you require further information regarding your enquiry you can also speak to our colleagues in Customer Services who can advise and, if necessary, pass your question on to our duty planner. You do not need to make an appointment (service operates between 2pm to 5pm Monday to Friday), however it is important for you to aware that we will not offer any advice which must be obtained through a formal application. If you determine planning permission is required, we do offer our Pre-Application advice service. Further information is available on [our website](#) or email planning@nsdc.info.
