Subject: RE: Main modifications

Dear Miss Cooper

Further to our discussion this afternoon I can confirm that the Council is not intending to make any further main modifications in response to the consultation responses received; other than to address the matters raised by the granting of planning permission for retail development on Northgate which I will address under separate correspondence to the Inspector later today in response to her request of the 13 February 2013.

Yours Sincerely

Matthew Norton
Business Manager – Planning Policy
Newark & Sherwood District Council
