1 INTRODUCTION

- 1.1 The Local Development Scheme (LDS) sets out the timetable for the production and review of Newark & Sherwood's Development Plan. The Development Plan is made up of a series of documents which are known as Development Plan Documents (DPDs or Local Plans). These documents are important because they help shape the future development of the District and are used by the authority as the basis for decision making. Additional, more detailed guidance on particular issues is provided by Supplementary Planning Documents (SPDs), and in relation to how consultation is undertaken, by a Statement of Community Involvement (SCI). DPDs, SPDs and the SCI are together known as the Local Development Framework (LDF).
- 1.2 Since the current system of plan making was introduced in 2004 the District Council has developed various elements of the LDF. Progress to date is shown in the table below:

DPD	Content	Status
<i>Core Strategy</i>	<i>Sets out the District Council's strategy for delivering growth in the District.</i>	<i>Was adopted in 29 March 2011 and replaced on 7 March 2019 (see below)</i>
Amended Core Strategy DPD	Sets out the District Council's strategy for delivering growth in the District.	Adopted 7 March 2019
Allocations & Development Management DPD	Allocations of Housing, Employment and other development in the main settlements of the District. Policies for Development Management.	Adopted 16 July 2013

Developer Contributions & Planning Contributions SPD	Provides the framework for detailed negotiation of developer contributions (not covered by CIL).	Adopted December 2013
Wind Energy SPD	Provide guidance to applicants and the public on the District Council's considerations relating to Wind Energy proposals.	Adopted March 2014
Conversion of Traditional Rural Buildings SPD	Provides guidance for the redevelopment of traditional rural buildings.	Adopted November 2014

Shopfront and Advertisements Design Guide SPD	Provides guidance on appropriate design of shop fronts and advertisements.	Adopted November 2014
Householder Development SPD	Provides guidance on policy and design in relation to householder development	Adopted November 2014
Residential Cycling & Car Parking Design Standards SPD	Provides guidance on the design of parking spaces for cycles and cars as part of new residential development	Adopted June 2021
SCI	Content	Status
Statement of Community Involvement	Sets out how the District Council will consult on planning applications and on documents in the LDF	Adopted March 2015

- 1.3 This LDS sets out the timetable for the next three years for the production of the remaining elements of the LDF which the Council wishes to produce along with those which need to be updated and reviewed. This Local Development Scheme came into effect on the 19th July 2022 subsequent to the decision of the authority's Cabinet on the 13th July 2022.

2 LDF PROPOSED DOCUMENTS

2.1.0 This section sets out the various documents which the District Council intends to produce and the timescale envisaged for each. Contained within Appendix A of this document is a timetable which shows all the documents together.

2.2.0 DEVELOPMENT PLAN DOCUMENTS (LOCAL PLANS)

2.2.1 **Plan Review** - In adopting the Allocations & Development Management DPD the Council has committed to an early review of the already adopted DPDs in 2015/16. The Amended Core Strategy was adopted in March 2019 and the timetable for the review of the remaining element of the development plan namely the Amended Allocations & Development Management DPD is set out below:

Arrangements for Production	Newark & Sherwood District Council Planning Policy & Infrastructure Business Unit will lead the process, along with support from other relevant Business Units within the Council. Managed by Planning Policy & Infrastructure Business Manager currently reporting to LDF Task Group and Economic Development Committee, however this will change from May 2022 when a Cabinet and Planning Policy Board will be introduced. Resourced in-house with joint working with other Nottinghamshire Councils																

2.3.0 SUPPLEMENTARY PLANNING DOCUMENTS

2.3.1 The Council's suite of SPDs was fully updated following the previous round of plan making (Amended Core Strategy and Allocations & Development Management DPDs). It is proposed that these will now be reviewed in a two stage approach; dealing first with the Developer Contributions and Planning Obligations SPD and Affordable Housing SPD, and then a review of the remaining SPDs once the Plan Review has been completed.

2.3.2 Alongside a review of the existing SPDs, a Sustainable Design Guide SPD is proposed following the completion of the Plan Review. A new Air Quality SPD will also be prepared however at this time a timetable for delivery has not been proposed.

2.4.0 STATEMENT OF COMMUNITY INVOLVEMENT (SCI)

2.4.1 The SCI sets out how the District Council intends to involve the community and other interested parties in the preparation, alteration and continuing review of the various elements of the Local Development Framework and how it consults on and considers planning applications. The SCI was produced during 2014 and adopted in March 2015. It is proposed that the SCI will be reviewed in 2022 to reflect changes in regulations and permission types since 2015.

- 3.1 In setting out the proposed timetable for work on the DPDs and SPDs, it is important to ensure that the targets set are realistic, achievable and take account of possible problems that may arise. The Council has identified the following issues which give rise to risks in relation to progressing the Local Development Framework:
- Consultation outcomes – The consultation process could identify additional/new issues that may need to be evaluated and a heavy scale of responses could increase workloads. Extensive pre-submission consultation carried out ahead of the actual submission stage will help to reduce this risk.
 - Staff resources – Staff leaving or failing to be replaced, or long term sicknesses, could impact upon progression of the LDF. These factors are being monitored by the District Council, which is giving high priority to the delivery of the Local Development Framework. To address this risk, the Council may appoint temporary staff or consultants, or look to seconding existing staff from other teams, to the Planning Policy & Infrastructure Business Unit.
 - Evidence base requirements – This may cause potential delays and is being monitored to ensure early action can be taken to address any new requirements that become apparent, this is especially apparent when working with neighbouring Local Planning Authorities to produce evidence.
 - Soundness of Plan – If any DPD is deemed unsound by an Inspector, this would have major implications for LDF progression. We will minimise this risk by working closely with our partners and the Planning Inspectorate, including in the run up to the Submission stage of Development Plan Documents.
- 3.2 The Council will keep the LDS under regular review and will monitor performance in our Annual Monitoring Report. This report will also monitor the implementation of the policies and proposal contained within the LDF.
