

LOGO	SPECIALISM	STATEMENT OF COMPETENCE
  	<p>Planning  Environmental Impact Assessment  Landscape and Visual  Flood Risk and Drainage  Major Accidents &amp; Disasters</p>	<p>Pegasus Group (Pegasus) is the consultancy that has compiled this Environmental Statement (ES). This consultancy was established in 2004 and has over the years expanded to a company that strives for “good development” across the whole of the UK. Pegasus is a multi-disciplinary planning consultancy and has provided the following services in the context of this ES: planning, environmental planning, heritage, and economics.</p> <p>Pegasus is Institute of Environmental Management and Assessment (IEMA) ‘Quality Mark’ Accredited and its ESs and the processes that it undertakes to create them are regularly subjected to external review via this accreditation to ensure that all Pegasus Environmental Impact Assessments (EIA) are legally compliant and apply best practice. This ES has been coordinated by a Chartered Environmentalist and Member of IEMA.</p> <p>The landscape team at Pegasus have broad range of experience in landscape assessment and a detailed understanding of the requirements of the EIA Regulations, undertaking Landscape and Visual Assessments (LVIA) as part of the EIA process, including input into scoping, screening and assessment. They carry out all LVIA in accordance with the Guidelines for Landscape and Visual Impact Assessment, Third Edition (GLVIA3) 2013, published by the Landscape Institute (LI) and IEMA, along with all relevance guidance. BMD is also a LI Registered Practice and the staff that have undertaken this LVIA are all Chartered Members of the Landscape Institute (CMLI).</p> <p>The Infrastructure Team from Calibro has broad experience in the production of flood risk assessment and drainage strategy related services including supporting the EIA process, through input into scoping, screening, and assessment. We have a detailed understanding of the requirements of the NPPF, where this applies to flood risk work, local strategic flood risk assessments and relevant local policies, and are finely attuned to the expectations of the Environment Agency, Local Lead Flood and Drainage Authorities EIA Regulations.</p>
	<p>Agriculture</p>	<p>The chapter on Agriculture and Land Use has been prepared Amet Property who are an agricultural consultancy with many years’ experience of preparing agricultural assessments for environmental statements.</p>
